Subject: Comments on MOA orientation guide & spokaneriverpcbfree.org website needed

Spokane River Regional Toxics Task Force

November 26, 2018

Visit SRRTTF

www.srrttf.org

Hi Task Force members & interested parties,

This is a reminder that any additional Task Force comments on the MOA orientation guide are due this Friday, November 30 to lara@whitebluffsconsulting.com. Here is the document for reference 7 - MOA orientation guide__draft- WBC edits Below are the comments already provided at the last Task Force meeting:

- * Under the background there should be some indication of invited entities and continue to extend invitation and acknowledge other groups
- * There should be a small section of what the Task Force addresses and doesn't address. The Task Force doesn't address or make decisions regarding permittees and permit requirements.
- * The Task Force decided the addendum with the bullets should be deleted.
- * For new members we should mention it's not representative of the whole MOA, it doesn't have all detail.

Also, Toni Taylor has been working on the <http://spokaneriverpcbfree.org/> website. Please check out the site and give feedback to srrttfoureach@gmail.com which is also listed on the site under contact us by December 5. Some recent changes are listed below:

- Embedded a video on the What Are PCBs? page.
- Embedded a Spokane Waste Directory video on the What Can I Do? page and the Info. for Homeowners page.
- Changed page name from Printable Education Materials to Educational Resources to allow for more types of resources.
- Added BMPs created by the Building Demolition and Renovation work group to the Info. for Building Contractors page.
- Added Work Group Updates page and filled it with the work group updates provided to the E&O work group by each work group.

Upcoming work group meetings:
